LETTER FROM THE BOARD

Pursuant to the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation), the Extended Placing Period shall be the period commencing from the Second EGM and terminating at 5:00 p.m. on the date falling three (3) calendar months after the date of the Second EGM (or such later date as may be agreed between the Placing Agent and the Company), unless terminated earlier in writing pursuant to the terms of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation). As the Second EGM was held on 29 March 2017, the Extended Placing Period ended at 5:00p.m. on 29 June 2017.

On 28 June 2017 (after trading hours), the Company and the Placing Agent, after arm's length negotiations, entered into the Fourth Deed of Variation to the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) pursuant to which, the Company and the Placing Agent have agreed to further extend the placing period under the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) to the date falling three (3) calendar months after the date of the Third EGM approving the Fourth Deed of Variation, subject to the approval by the Shareholders at the Third EGM.

The entering into of the Fourth Deed of Variation and the Further Extended Placing Period contemplated thereunder is subject to the approval of Shareholders (or, if the Placees become a connected person of the Company, independent Shareholders other than the Placees) having been obtained at a general meeting of the Company on or before 27 October 2017.

The purpose of this circular is to provide you with, among other things, (i) further information on the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation); (ii) the Fourth Deed of Variation; (iii) the latest status of the Placing and the formation of the JV Company; and (iv) the notice of Third EGM.

THE TERMS OF THE PLACING AGREEMENT (AS SUPPLEMENTED, VARIED AND AMENDED BY THE PREVIOUS DEEDS OF VARIATION)

Set out below are the principal terms of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation):

Date	21 July 2016	(Placing Agreement)
	20 September 2016	(First Deed of Variation)
	18 November 2016	(Second Deed of Variation)
	17 January 2017	(Third Deed of Variation)
Parties	(i) Issuer:	The Company
	(ii) Placing Agent:	Fortune (HK) Securities Limited

LETTER FROM THE BOARD

The Placing Agent is 100% owned by China Fortune Financial Group Limited (“**China Fortune**”) (Stock Code: 290). Mr. Wong Kam Choi, Kerry (“**Mr. Wong**”), an independent non-executive Director, was an executive director and the chairman of China Fortune and had resigned on 6 January 2017. To the best of the Directors’ knowledge, information and belief having made all reasonable enquires, the Placing Agent and their ultimate beneficial owners are third parties independent of and not connected with the Company and its connected persons. Mr. Wong had declared his interest in China Fortune in the Board meeting during which the Placing and the Previous Deeds of Variation were discussed and had abstained from voting on the resolutions in this regard.

Conditions Precedent

Completion of the Placing is conditional upon fulfillment of the following conditions:

- (a) VC Brokerage having obtained all necessary consent, licences, permits and approvals required for the establishment of the JV Company from any court, or government authority or regulatory body in Hong Kong and other relevant jurisdictions;
- (b) the Company having obtained the approval of its Shareholders at the extraordinary general meeting for the entering into of the Joint Venture Agreement in relation to the establishment of the JV Company and the transactions contemplated thereunder including but not limited to the capital contribution by VC Brokerage into the JV Company;
- (c) the Company having obtained the approval of its shareholders at the extraordinary general meeting for the entering into of the Placing Agreement and the transactions contemplated thereunder including not limited to the issue of the Convertible Bonds and the allotment and issue by the Company of the Conversion Shares from time to time upon exercise of the Conversion Rights under the Convertible Bonds;
- (d) the Stock Exchange granting the listing of, and permission to deal in, the Conversion Shares; and
- (e) the obligations of the Placing Agent under the Placing Agreement not being terminated in accordance with the terms thereof.

LETTER FROM THE BOARD

If the conditions above are not fulfilled or waived (condition (e) is waivable by the Placing Agent and conditions (a), (b), (c) and (d) shall not be waived) prior to expiry of the Extended Placing Period of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) or such later date as may be agreed between the Company and the Placing Agent, the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) will lapse and become null and void and the parties shall be released from all obligations under the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation), save for the liabilities for any antecedent breaches.

For conditions (b) and (c), the Company has obtained independent Shareholders' approval at the First EGM and the Second EGM for (i) the Joint Venture Agreement and the transaction contemplated thereunder; and (ii) the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) and the transactions contemplated thereunder, including the grant of the Specific Mandate. On 28 June 2017, the Company and the Placing Agent entered into the Fourth Deed of Variation to the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) after arm's length negotiations, pursuant to which the Company and the Placing Agent had agreed to further extend the placing period under the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) to the date falling three (3) calendar months after the date of the Third EGM approving the Fourth Deed of Variation. Further details of the Fourth Deed of Variation are set out in the subsection of this letter headed "Terms of the Fourth Deed of Variation" below.

For any further extension of the date of completion of the Placing after three months from the date of the Third EGM (i.e. the Further Extended Placing Period) which will be treated as a new transaction of the Company, the Company would have to comply with the relevant Listing Rules requirements (including Shareholders' approval).

Termination

The Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) may be terminated by the Placing Agent if at any time prior to 9:00 a.m. of the date immediately preceding the completion date of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation):

then and in any such case, the Placing Agent may, in its absolute discretion, terminate the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) without liability to the Company (save the liabilities for any antecedent breach of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) by the Placing Agent) by giving notice in writing to the Company, which notice may be given at any time prior to the completion date of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation).

The principal terms of the Convertible Bonds are as follows:

- Issuer:** The Company
- Principal amount:** Up to HK\$850 million
- Conversion price:** The price at which each Share shall be issued upon conversion shall be HK\$0.65 subject to adjustment. The initial Conversion Price of HK\$0.65 represents:
- (i) a discount of approximately 49.61% to the closing price of HK\$1.290 per Share as quoted on the Stock Exchange on the date of the Placing Agreement (i.e. 21 July 2016);
 - (ii) a discount of approximately 49.77% to the average closing price for the five consecutive trading days immediately prior to the date of the Placing Agreement as quoted on the Stock Exchange of HK\$1.294 per Share;
 - (iii) a discount of approximately 56.08% to the closing price of HK\$1.480 per Share as quoted on the Stock Exchange on the latest practicable date (i.e. 23 September 2016) of the First Circular;
 - (iv) a discount of approximately 67.01% to the closing price of HK\$1.97 per Share as quoted on the Stock Exchange on the latest practicable date (i.e. 21 February 2017) of the Second Circular;
 - (v) a discount of approximately 42.48% to the closing price of HK\$1.13 per Share as quoted on the Stock Exchange on the date of the Fourth Deed of Variation (i.e. 28 June 2017); and
 - (vi) a discount of approximately 65.79% to the closing price of HK\$1.9 per Share as quoted on the Stock Exchange on the Latest Practicable Date of this circular.

Assuming that the Convertible Bonds are fully converted into Conversion Shares at the initial Conversion Price of HK\$0.65, up to a total of 1,307,692,307 Conversion Shares will be issued which represent approximately 164.57% of the issued share capital of the Company as at the Latest Practicable Date and approximately 62.2% of the issued share capital of the Company as enlarged by the allotment and issue of the Conversion Shares.

LETTER FROM THE BOARD

Pursuant to the Fourth Deed of Variation, the placing period of the Placing Agreement (as supplemented varied and amended by the Previous Deeds of Variation and the Fourth Deed of Variation) is proposed to be extended to three months from the date of the Third EGM (i.e. the Further Extended Placing Period) due to additional time required for the Company to fulfil the conditions precedent as set out in the Placing Agreement. The key terms of the Placing structure, particularly the initial Conversion Price, remain unchanged which were agreed between the Company and the Placing Agent after arm's length negotiation by reference to, among other things, the financial performance of the Group for the year ended 31 December 2015, liquidity and historical trading prices of the Shares prior to the entering into of the Placing Agreement on 21 July 2016 as stated in the First Circular; and have been presented to potential Placees by the Placing Agent. In addition, the Share price experienced an increase trend from HK\$1.29 per Share since the date of the Placing Agreement on 21 July 2016 and surged to HK\$2.95 per Share on the date of First EGM. The Share price reached its peak at HK\$3.31 per Share on 16 November 2016 which subsequently entered into a downward trend and dropped to HK\$1.13 per Share on the date of the entering into of the Fourth Deed of Variation (i.e. 28 June 2017), representing a decrease of approximately 12.4% from HK\$1.29 per Share on the date of the Placing Agreement.

Having considered (i) the above fluctuation in Share price was resulted from the drastic market reaction since the entering into of the Joint Venture Agreement and the Placing Agreement which did not persist after reaching the peak of Share price at HK\$3.31 per Share on 16 November 2016; (ii) the surge on the Share price since the date of the Placing Agreement has not been sustainable and the Share price of HK\$1.13 on the date of the entering into of the Fourth Deed of Variation represents a decrease of approximately 12.4% from HK\$1.29 per Share on the date of the Placing Agreement; and (iii) the initial Conversion Price was negotiated and concluded between the Company and the Placing Agent on an arm's length basis before the entering into of the Placing Agreement, which has been approved in the First EGM by independent Shareholders, the Directors consider that it is fair and reasonable to maintain the initial Conversion Price at HK\$0.65 per Share under the Placing Agreement.

LETTER FROM THE BOARD

The initial Conversion Price is subject to anti-dilution adjustment provisions upon the occurrence of: (a) consolidation and subdivision; (b) capitalisation of profits or reserves; and (c) capital distribution.

Conversion period:

The period from the date of issue of the Convertible Bonds to and including the day immediately prior to the maturity date, provided that if the Company fails to redeem the Convertible Bonds on the due date in accordance with the terms of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation), the period shall continue until redemption in full occurs.

Maturity:

The Company shall repay such principal moneys outstanding under the Convertible Bonds to the Bondholder together with all interest accrued thereon up to and including the date of repayment on the 2nd anniversary of the date of issue of the Convertible Bonds.

Interest:

The Convertible Bonds shall bear interest from the date upon which each such Convertible Bonds is issued until the date of redemption or the conversion date of the Convertible Bonds at the rate of two percent (2%) per annum.

Transferability:

The Convertible Bonds are transferable.

Conversion restrictions:

The Bondholder shall not be entitled to exercise the Conversion Rights unless in compliance with all the following conditions:

A Bondholder shall not exercise any Conversion Rights, and the Company shall not be required to issue any Conversion Shares, if, as a result of such exercise, (a) less than 25% of the Company's issued shares would be held by the public (as such expression is defined in the Listing Rules) immediately after the relevant exercise of Conversion Rights; (b) the Bondholder and/or parties acting in concert with it would be required to make a mandatory general offer for the Shares held by the Company's other shareholders under the Takeovers Code (whether or not a waiver from such general offer obligations would be granted by the SFC) will be directly or indirectly triggered; or (c) the Bondholder would thereby become a substantial shareholder (as defined in the SFO) of one or more subsidiaries of the Company which are regulated under Part V of the SFO, unless the Bondholder has first been approved by the SFC under Part V of the SFO to become such a substantial shareholder.

LETTER FROM THE BOARD

Status: The obligations of the Company arising under the Convertible Bonds constitute general, unsecured and unsubordinated obligations of the Company and rank equally among themselves and pari passu with all other present and future unsecured and unsubordinated obligations of the Company except for obligations accorded preference by mandatory provisions of applicable law.

The Conversion Shares issued upon exercise of Conversion Rights shall rank pari passu in all respects with all other existing Shares outstanding at the conversion date and all Conversion Shares shall include rights to participate in all dividends and other distributions the record date of which falls on or after the conversion date.

Application for listing: No application will be made for a listing of the Convertible Bonds.

Voting rights: The Bondholder will not be entitled to attend or vote at any meetings of the Company by reason only of it being the Bondholder.

TERMS OF THE FOURTH DEED OF VARIATION

On 28 June 2017, the Company and the Placing Agent entered into the Fourth Deed of Variation (as supplemented by the Supplemental Deed) after arm's length negotiations, pursuant to which the Company and the Placing Agent had conditionally agreed to further extend the placing period under the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) to the date falling three (3) calendar months after the date of the Third EGM approving the Fourth Deed of Variation, subject to the approval by the Shareholders at the Third EGM. Set out below are the principal terms of the Fourth Deed of Variation.

Date	28 June 2017	(Fourth Deed of Variation)
	20 September 2017	(Supplemental Deed)
Parties	(i) Issuer:	The Company
	(ii) Placing Agent:	Fortune (HK) Securities Limited

Amendment and variation in respect of the placing period of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) under the Fourth Deed of Variation

Subject to the terms and the conditions precedent of the Fourth Deed of Variation, the Company and the Placing Agent have agreed to extend the placing period under the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation) to the Further Extended Placing Period.

LETTER FROM THE BOARD

Condition Precedent for the Further Extended Placing Period

The Further Extended Placing Period shall be conditional upon the passing by the Shareholders (or independent Shareholders, as the case may be) of the Company of such resolution as may be necessary approving the Fourth Deed of Variation and the Further Extended Placing Period contemplated thereunder in accordance with the Listing Rules, its articles of association and as required by application laws and regulations (as the case may be).

Each of the Company and the Placing Agent shall use its best endeavours to procure the fulfillment of the conditions precedent of the Fourth Deed of Variation on or before the Long-stop Date.

If the condition precedent of the Fourth Deed of Variation is not fulfilled on or before the Long-stop Date, the provisions of the Fourth Deed of Variation except clause on the governing law which shall remain in full force and effect, shall from such date cease to have any further force and effect and none of the Company or the Placing Agent shall have any claim against each other, except in respect of claims arising out of any antecedent breach of any of the provisions of the Fourth Deed of Variation.

Subject to the condition precedent of the Fourth Deed of Variation having been fulfilled on or before the Long-stop Date, the Further Extended Placing Period shall thereupon immediately take effect and the Placing Agreement shall be supplemented, amended and varied by and in accordance with the terms of the Fourth Deed of Variation.

All other terms and conditions of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation and the Fourth Deed of Variation) shall remain unchanged and be in full force and effect and are enforceable in accordance with its terms, as so varied.

The discount of the Conversion Price to the then prevailing market price of the Shares at the time of the Placing Agreement is steeper than that of the Previous Placing Price to the then prevailing market price of the Shares at the time of the Previous Share Placing (of approximately 19.47%). However, the Directors consider the two discount rates are not directly comparable given that: (i) the much larger fund raising amount of the Placing, which is approximately seven times of the Previous Share Placing amount; and (ii) the uncertain time of Completion imposes a longer commitment period and thus a higher degree of risk for the potential Placees. As at the Latest Practicable Date, the Placing Agent has entered into legally binding placing letters with potential Placees for subscription of Convertible Bonds in an aggregate amount of HK\$300 million under the original terms of the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation). The Placing Agent has confirmed that such commitments would remain valid upon extension of the placing period as proposed. The Placing Agent has further advised that it has been approaching other potential subscribers since entering into the Placing Agreement and is confident about procuring sufficient subscription interest for a substantial portion, if not all, of the Convertible Bonds to be issued under the Placing Agreement. The Company had explored alternative fund raising methods prior to entering into the Placing Agreement as explained in the First Circular. With a view to explore more favourable fund raising alternatives in terms of equity financing and debt financing so as to meet the imminent funding need of the Company for the formation of JV Company and general working capital, the Directors have maintained communications with the Group's bankers and other three financial institutions from time to time prior to the entering into the Fourth Deed of Variation. Taking into account (i) the substantial fund raising amount of the Placing amounted to HK\$850 million as mentioned above; and (ii) no material changes in the Group's financial

LETTER FROM THE BOARD

and trading positions since the entering into the Placing Agreement, the above-mentioned financial institutions were not able to offer other fund raising alternatives with more favourable terms for the fund raising amount of HK\$850 million other than those provided by the Placing Agent. In light of the above, the Directors considered other fund raising alternatives to meet the fund raising amount of HK\$850 million are not feasible. Before entering into the Fourth Deed of Variation, the Company had discussed with the Placing Agent about the possibility of amending the terms of the Convertible Bonds in the Company's favour but the Placing Agent had refused on the basis that it could turn off the already committed potential Placees as well as other interested subscribers. The Company had also approached other potential placing agents for undertaking the Placing on more favourable terms but to no avail. The Directors consider the entering into the Fourth Deed of Variation the only viable option and is in the interest of the Company and the Shareholders as a whole.

STATUS OF THE FORMATION OF THE JV COMPANY

Information about the JV Company

Pursuant to the Joint Venture Agreement, the JV Company, when established, will be a limited liability company in the PRC with a registered capital of RMB1,000 million, which will be owned as to 44.5% by VC Brokerage, 45.52% by Guangxi Jintou, 4.99% by Guangxi Hande and 4.99% by Beijing Heyuan. The proposed principal activities of the JV Company, as a full licensed securities company, shall include provision of regulated securities related services including, securities brokerage, securities trading and securities investment consultation, underwriting and sponsorship in securities, securities dealing, securities and assets management, securities margin trading, proxy sale of securities products and funds; agency service for futures trading firms; custody service of securities investment fund; market maker of securities futures and any other business approved by the CSRC. The parties may from time to time, by way of board resolutions of the JV Company and subject to the applicable laws and regulations, take all necessary actions to obtain the necessary approvals or licenses to expand the authorised business scope of the JV Company. Further details of the Joint Venture Agreement and the JV Company are set out in the First Circular.

Following execution of the Joint Venture Agreement, the JV Partners, on 25 July 2016, has submitted applications, together with the Joint Venture Agreement and the articles of association of the JV Company, to the CSRC for the establishment of and the grant of regulatory licenses to the JV Company. Since the dispatch of the Second Circular, the Company has submitted updated information to the CSRC for its consideration. As advised by Guangxi Jintou, who is responsible for liaising with the CSRC on behalf of the JV Partners on the matter, the CSRC is still processing the application and has not issued any negative feedback so far. Based on information published on the CSRC's official website, there are around 30 applications for the full-licensed securities companies under processing by the CSRC as at the Latest Practicable Date. Furthermore, the CSRC had approved the establishment of two full-licensed joint venture securities companies in early 2016 with processing time of approximately 4 to 5 months, and another two in mid 2017 with much more longer processing time of approximately 14 to 20 months. Having considered the above, the Directors consider it is a reasonable estimate that approval for establishment of the JV Company would be granted by the CSRC in three to six months based on the progress so far. The JV Partners do not foresee any major obstacle to the establishment of the JV Company thereafter. The Company will publish an announcement to inform the Shareholders upon obtaining the approvals from the CSRC.

LETTER FROM THE BOARD

STATUS OF THE PLACING

Based on the progress of the Placing as at the Latest Practicable Date advised by the Placing Agent, it is expected that four potential placees are the existing Shareholders of the Company, and none of them will become a substantial Shareholder of the Company assuming HK\$850 million Convertible Bonds are fully placed and converted.

The Placing Agent has been working on the Placing since the entering into of the Placing Agreement on 21 July 2016 and has kept the Company updated on the progress of the Placing from time to time. Prior to the execution of the Fourth Deed of Variation, the Placing Agent advised that, other than those Placees who had committed before issue of the First Circular and the Second Circular, it had identified other potential investors who had expressed interest in subscribing the Convertible Bonds. However, these interested parties had reservations to execute any legally binding agreement at this stage and would prefer to do so when more information about the approval of the JV Company is available. The Placing Agent has further advised that they are optimistic that a substantial portion, if not all, of the HK\$850 million Convertible Bonds can be successfully placed provided that the approval of the JV Company is granted by the CSRC.

Pursuant to the acknowledgement letter to be executed by the Placees on or before the date of the Third EGM, the Placees will undertake that they and their respective associates will abstain from voting in the Third EGM in case that they become the Shareholders on or before the date of the Third EGM. The Placees will further undertake that in the event that at any time prior to the completion of the Placing, they do not comply with the above undertakings, then the Company shall terminate the contract concluded between the relevant Placee and the Placing Agent in relation to the Placing with immediate effect.

As mentioned in the announcement of the Company dated 4 August 2017, it is expected that the approval process of the JV Company, and therefore completion of the Placing, will take another three to six months. To cope with the increased funding needs arising from the expected growth trend in the Group's financial services business in the second half of 2017 and beyond, the Company completed the Previous Share Placing with the placing price of HK\$0.91 to raise the gross proceed of approximately HK\$120 million. Although some of the use of proceeds from the Placing in terms of general working capital are similar to the use of proceeds from the Previous Share Placing, the Previous Share Placing with the gross proceeds of approximately HK\$120 million is to fund the Group's short-term business growth within the next two to three months while the Placing with the gross proceeds of up to approximately HK\$850 million is to fund the Group's business growth thereafter. The Directors consider the Previous Share Placing and the Placing are actually for funding the Group's business growth over different time horizons, which are both in the interest of the Company and its Shareholders as a whole.

REASONS FOR THE PLACING AND USE OF PROCEEDS

The Group is an established financial services group committed to delivering premier financial services and products that fulfill various investment and wealth management needs of clients in the Greater China region. The Group's expertise includes securities, futures and options brokering and dealing, financing services, corporate finance advisory services in relation to sponsoring and underwriting initial public offerings, and mergers and acquisitions and asset management, and proprietary trading.

LETTER FROM THE BOARD

Assuming all the Convertible Bonds are successfully placed by the Placing Agent, the aggregate gross proceeds from the Placing are expected to be HK\$850 million and the Company intends to use the net proceeds of approximately HK\$829 million from the Placing (i) as to approximately HK\$534 million for the payment of the capital contribution to the JV Company under the Joint Venture Agreement; and (ii) as to approximately HK\$295 million for the general working capital of the Group, expanding the securities margin and IPO financing and money lending businesses of the Group and other possible investment in the future when opportunities arise.

The Board has made the following key assumptions in determining the Group's expected funding requirements for the next twelve months from the date of this circular:

1. It is assumed that there will be no material deterioration in the operating environment of the securities industry in Hong Kong and other relevant jurisdictions in which the Group operates and the Group's operations will not be materially adversely affected;
2. It is assumed that there will be no material change in existing government policies, and the Hong Kong government will continue to adopt macro-economic and monetary policies similar to those currently prevailing in order to maintain consistent economic growth;
3. It is assumed that there will be no material change in political, legal (including changes in legislation or regulations or rules), fiscal, market or economic conditions in Hong Kong and other relevant jurisdictions in which the Group operates;
4. It is assumed that no abnormal or extraordinary events that are beyond the control of the Board will occur, including pandemic diseases, natural disasters, acts of war, military incidents, terrorist acts, and political unrest;
5. It is assumed that the Company and VC Brokerage can obtain all necessary approvals, authorisation, consent, licences, permits required for the establishment of the JV Company in Hong Kong and other relevant jurisdictions in which the Group operates;
6. Though the downturn in the local capital market had continued in January 2017, the local investors' sentiment had improved and the local stock market had experienced steady growth throughout the first half of 2017. With the implementation of the Stock Connects (refer to Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect) since 2016 and the official launch of the China-Hong Kong Bond Connect in early July 2017, these new platforms will certainly bring positive impact and help to boost the growth of the local financial market in the foreseeable future. The additional funding will provide flexibility for the Group to capture on the growth opportunities and expand the Group's existing businesses.

Based on the above assumptions, it is expected that the allocation and the timeline for the use of the net proceeds of approximately HK\$295 million are estimated to be as follow:

- a. approximately HK\$50 million for the Group's securities margin financing so as to provide additional funding for clients to acquire listed securities, which is estimated to be used in the first half of 2018;

LETTER FROM THE BOARD

- b. approximately HK\$100 million for the Group's IPO financing to provide funding for clients to invest in newly listed securities, which is estimated to be used from January 2018 onwards;
- c. approximately HK\$50 million for the Group's money lending services to clients so as to further develop and expand the money lending business by providing comprehensive financing solutions to clients for their corporate actions and shareholders' activities such as M&A loans, bridging loans and other short-term loans, which is estimated to be used as to HK\$25 million in the fourth quarter of 2017 and HK\$25 million in the first half of 2018;
- d. approximately HK\$50 million for the Group's proprietary investment trading so as to provide financial returns to the Shareholders, which is estimated to be used as to HK\$25 million in the fourth quarter of 2017 and HK\$25 million in the first half of 2018; and
- e. the balance of approximately HK\$45 million for the Group's other general working capital.

However, because of the financial services business nature of the Group, the allocation and timeline for the use of the net proceeds will be significantly impacted by the local stock market condition and investors' sentiment. The Directors will re-comply with the Listing Rules requirements, including shareholders' approval in the event that the Company applies significant amounts of the net proceeds to usage(s) not disclosed in this circular. The Company is of the view that the threshold of significant amounts shall be either (i) 30% of the net proceeds of approximately HK\$295 million other than approximately HK\$534 million to be used for the capital contribution to the formation of the JV Company assuming the principal amount of HK\$850 million Convertible Bonds are fully placed or (ii) HK\$100 million, whichever is higher. The Company has no imminent or future plan to reallocate/change the use of proceeds.

The Directors consider that, after taking into account the cashflows generated from the operating activities, the financial resources available to the Group including internally generated funds, the available banking facilities and the estimated net proceeds from the placing of the Convertible Bonds, the Group has sufficient working capital for at least the next twelve months from the date of this circular in the absence of unforeseen circumstances. Subject to successful completion of the Placing, the Directors currently have no other fund raising plans in the next twelve months.

The Directors are of the view that the Placing, assuming conversion of part or all the Convertible Bonds into Conversion Shares, will broaden the Shareholders' portfolio and also strengthen the financial position of the Group. As set out in the annual report of the Group for the year ended 31 December 2016, the Group's business strategies continue to include enlarging the Group's revenue base through fostering its existing core businesses, and tapping into new emerging markets with expanded business initiatives. The Group will also continue to explore the business opportunities in the PRC market. The Placing will therefore enhance the Group's flexibility in capturing the future business developments or investments as and when opportunities arise.

LETTER FROM THE BOARD

As mentioned above, although VC Brokerage and other JV Partners do not foresee any major obstacle to the establishment of the JV Company, the CSRC is still in the process of such application for the formation of JV Company. Therefore, the Further Extended Placing Period is required as additional time is required for the Company to fulfil the conditions precedent as set out in the Placing Agreement (as supplemented, varied and amended by the Previous Deeds of Variation).

Accordingly, the Directors consider that the Placing under the Further Extended Placing Period is in the interests of the Company and the Shareholders as a whole.
